Dear Ms. Proctor:

This letter and report are in response to your letter which we received May 24, 1996 which was prompted by the Commission's preliminary review of the April Quarterly Report. The Identification Number is C00107003.

In Schedule A two individuals were listed as having exceeded the \$1000. limit for an election cycle. Mr. Dacey had redesignated \$666.66 to be used for the general election cycle on 4-2-96 but I had neglected to make the change in the computer. I have enclosed a copy of that redesignation from him. Due to an inconsistency in data entry (McMahon and Mc Mahon) Mr. McMahon's Oct. 1995 contribution of \$500. was in a separate record and we did not realize that he had exceeded his limit. Then Mr. McMahon did not promptly respond to the redesignation form sent to him in March when he made another contribution and the two records were merged. I believe that his record is now accurate and I have enclosed copies of the redesignation forms which he returned to us for the two contributions.

In conversations with you regarding the year to date aggregate totals for the other individuals you listed in your letter, you clarified for me that you want all aggregate totals to be calendar year to date. The April Quarterly Report which you had reviewed used 11-09-94 as the threshold date for the year to date aggregate. I have enclosed an entire new April Quarterly Report which used 01-01-96 as the threshold date. I believe that all the records are now in compliance.

I hope that this clarifies and corrects the information in the report. If there is any further information that I need to send you, please let me know.

Thank you for your courteous help and explanations.

Sincerely,

Mary Weber
